CONTENTS

VOLUME 1

General provisions

		Foreword	vii
		User's guide	ix
		Glossary	xiii
SECTION	1.	ANIMAL DISEASE DIAGNOSIS, SURVEILLANCE AND NOTIFICATION	
Chapter	1.1.	Notification of diseases and epidemiological information	1
Chapter	1.2.	Criteria for listing diseases	4
Chapter	1.3.	Prescribed and alternative diagnostic tests for OIE listed diseases	9
Chapter	1.4.	Animal health surveillance	14
Chapter	1.5.	Surveillance for arthropod vectors of animal diseases	27
Chapter	1.6.	Status for OIE listed diseases: procedures for self declaration and for official recognition by the OIE	31
SECTION	2.	RISK ANALYSIS	
Chapter		Import risk analysis	67
SECTION	3.	QUALITY OF VETERINARY SERVICES	
Chapter	3.1.	Veterinary Services	73
Chapter	3.2.	Evaluation of Veterinary Services	78
SECTION	4.	GENERAL RECOMMENDATIONS: DISEASE PREVENTION AND CONTROL	
Chapter	4.1.	General principles on identification and traceability of live animals	99
Chapter	4.2.	Design and implementation of identification systems to	101
Cl	4.2	achieve animal traceability	100
Chapter		Zoning and compartmentalisation	109
Chapter		Application of compartmentalisation	114
Chapter		General hygiene in semen collection and processing centres	120
Chapter	4.6.	Collection and processing of bovine, small ruminant and porcine semen	123
Chapter	4.7.	Collection and processing of in vivo derived embryos from livestock and horses	132
Chapter	4.8.	Collection and processing of in vitro produced	140
		embryos/oocytes from livestock and horses	
Chapter	4.9.	Collection and processing of micromanipulated	145
Claration	4.10	embryos/oocytes from livestock and horses	1.40
Chapter	4.10.	Collection and processing of laboratory rodent and rabbit embryos/ova	148
Chapter	4.11.	Somatic cell nuclear transfer in production livestock and horses	154
Chapter	4.12.	Disposal of dead animals	162
Chapter		General recommendations on disinfection and disinsectisation	170
Chapter		Hygiene and disease security procedures in apiaries	171
Chapter	4.15.	Hygiene precautions, identification, blood sampling and vaccination	174

Chapter 5.1. General obligations related to certification 175 Chapter 5.2. Certification procedures 178 Chapter 5.3. OIE procedures relevant to the Agreement on the Application of Sanitary and Phytosanitary Measures of the World Trade Organization 181 Chapter 5.4. Animal health measures applicable before and at departure 189 Chapter 5.5. Animal health measures applicable during transit from the place of arrival in the importing country to the place of arrival in the importing country to the place of arrival in the importing country 195 Chapter 5.6. Border posts and quarantine stations in the importing country 195 Chapter 5.7. Animal health measures applicable on arrival 197 Chapter 5.8. International transfer and laboratory containment of animal pathogens 194 Chapter 5.10. Model veterinary certificates for international trade in live 208 animals, hatching eggs and products of animal origin 197 Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries 197 Chapter 5.12. Model passport for international movement of competition 224 horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection 198 Chapter 6.3. The control of hazards of animal health and public health importance in animal feed 199 Chapter 6.4. Hygiene and disease security procedures in poultry breeding 199 1906 flooks and harcheries 199 Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 191 Chapter 6.6. Prevention, of tetection and control of Salmonella in poultry 259 191 Chapter 6.7. Harmonisation of national antimicrobial resistance 267 292 293 294 Chapter 6.9. Responsible and prudent use of antimicrobial sused in animal 294 husbandry 294 Chapter 6.1. Introduction to the recommendations for controlling 294 husbandry 295 Chapter 7.1. Introduction to the recommendations for animal welf	SECTION 5.	TRADE MEASURES, IMPORT/EXPORT PROCEDURES AND VETERINARY CERTIFICATION	N
Chapter 5.3. OIE procedures relevant to the Agreement on the Application of Sanitary and Phytosanitary Measures of the World Trade Organization Chapter 5.4. Animal health measures applicable before and at departure Animal health measures applicable during transit from the place of departure in the exporting country to the place of arrival in the importing country Chapter 5.6. Border posts and quarantine stations in the importing country Chapter 5.7. Animal health measures applicable on arrival Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates Chapter 5.10. Model veterinary certificates for international trade in live animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.9. Responsible and prudent use of antimicrobial sused in animal husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobial in animals Chapter 7.1. Introduction to the recommendations for animal welfare Chapter 7.2. Transport of animals by sea Chapter 7.3. Transport of animals by air Salughter of animals Sal	Chapter 5.1.	General obligations related to certification	175
of Sanitary and Phytosanitary Measures of the World Trade Organization Chapter 5.4. Animal health measures applicable before and at departure Animal health measures applicable during transit from the place of departure in the exporting country to the place of artival in the importing country Chapter 5.6. Border posts and quarantine stations in the importing country Chapter 5.7. Animal health measures applicable on arrival Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates Chapter 5.10. Model veterinary certificates for international trade in live animals, harching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygien and disease security procedures in poultry breeding flocks and harcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.9. Responsible and prudent use of antimicrobial sused in animal husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.1. Zoonoses transmissible from non-human primates SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare Josephane 7.1. Introduction to the recommendations for animal welfare Josephane 7.1. Introduction to the recommendations for animal welfare Josephane 7.2. Transport of animals by air Josephane 7.3. Transpor	Chapter 5.2.	Certification procedures	178
of Sanitary and Phytosanitary Measures of the World Trade Organization Chapter 5.4. Animal health measures applicable before and at departure Animal health measures applicable during transit from the place of departure in the exporting country to the place of artival in the importing country Chapter 5.6. Border posts and quarantine stations in the importing country Chapter 5.7. Animal health measures applicable on arrival Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates Chapter 5.10. Model veterinary certificates for international trade in live animals, harching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygien and disease security procedures in poultry breeding flocks and harcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.9. Responsible and prudent use of antimicrobial sused in animal husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.1. Zoonoses transmissible from non-human primates SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare Josephane 7.1. Introduction to the recommendations for animal welfare Josephane 7.1. Introduction to the recommendations for animal welfare Josephane 7.2. Transport of animals by air Josephane 7.3. Transpor	Chapter 5.3.	OIE procedures relevant to the Agreement on the Application	181
Chapter 5.4. Animal health measures applicable before and at departure 189 Chapter 5.5. Animal health measures applicable during transit from the place of departure in the exporting country to the place of arrival in the importing country 195 Chapter 5.6. Border posts and quarantine stations in the importing country 197 Chapter 5.7. Animal health measures applicable on arrival 197 Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance surveillance and monitoring programmes Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 7.1. Animal welfare Chapter 7.2. Transport of animals by sea Chapter 7.3. Transport of animals by sea Chapter 7.4. Transport of animals by sir Chapter 7.5. Slaughter of animals Chapter 7.6. Killing of animals for disease control purposes			
Chapter 5.5. Animal health measures applicable during transit from the place of departure in the exporting country to the place of arrival in the importing country Chapter 5.6. Border posts and quarantine stations in the importing country Chapter 5.7. Animal health measures applicable on arrival 197 Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 208 Chapter 5.10. Model veterinary certificates for international trade in live animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition porses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Control of biological hazards of animal health and public health importance through anter and post-mortern meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.7. Harmonisation of national antimicrobial resistance Chapter 6.8. Monitoring of the quantities of antimicrobials used in animal antimicrobial resistance Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.1. Zoonoses transmissible from non-human primates 287 Chapter 6.1. Introduction to the recommendations for animal welfare Chapter 7.1. Introduction to the recommendations for animal welfare Chapter 7.2. Transport of animals by sea Chapter 7.3. Transport of animals by sea Chapter 7.4. Transport of animals by air Chapter 7.5. Slaughter of animals by air Chapter 7.6. Killing of animals for disease control purposes		Organization	
place of departure in the exporting country to the place of arrival in the importing country Chapter 5.6. Border posts and quarantine stations in the importing country 195 Chapter 5.7. Animal health measures applicable on arrival 197 Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.7. Harmonisation of national antimicrobial resistance Chapter 6.8. Monitoring of the quantities of antimicrobial used in animal agents in veterinary medicine Chapter 6.9. Responsible and prudent use of antimicrobial sused in animal veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.1. Introduction to the recommendations for animal welfare Chapter 7.1. Introduction to the recommendations for animal welfare Chapter 7.2. Transport of animals by sea Chapter 7.3. Transport of animals by air Chapter 7.4. Transport of animals by air Chapter 7.5. Slaughter of animals Chapter 7.6. Killing of animals for disease control purposes	Chapter 5.4.	Animal health measures applicable before and at departure	189
arrival in the importing country Chapter 5.6. Border posts and quarantine stations in the importing country 195 Chapter 5.7. Animal health measures applicable on arrival 201 pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live 208 animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition 224 horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public 244 health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding 10cks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Introduction to the recommendations for controlling 266 antimicrobial resistance Chapter 6.8. Monitoring of the quantities of antimicrobial sused in animal 274 husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in 277 veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.1. Zoonoses transmissible from non-human primates 293 SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 301 Chapter 7.2. Transport of animals by land 320 Chapter 7.3. Transport of animals by land 320 Chapter 7.4. Transport of animals by land 347 Chapter 7.5. Slaughter of animals for disease control purposes 374	Chapter 5.5.	Animal health measures applicable during transit from the	192
Chapter 5.6. Border posts and quarantine stations in the importing country Chapter 5.7. Animal health measures applicable on arrival 197 Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live animals, harching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance Chapter 6.8. Monitoring of the quantities of antimicrobials used in animal husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 7.1. Introduction to the recommendations for animal welfare Chapter 7.2. Transport of animals by land Chapter 7.3. Transport of animals by land Chapter 7.4. Killing of animals for disease control purposes 374	-	place of departure in the exporting country to the place of	
Chapter 5.7. Animal health measures applicable on arrival 197 Chapter 5.8. International transfer and laboratory containment of animal 201 pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live 208 animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition 224 horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Introduction to the recommendations for controlling 266 antimicrobial resistance Chapter 6.8. Monitoring of the quantities of antimicrobial sused in animal 274 husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in 277 veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the 287 use of antimicrobials in animals Chapter 6.1. Introduction to the recommendations for animal welfare 301 Chapter 7.1. Introduction to the recommendations for animal welfare 301 Chapter 7.2. Transport of animals by land 320 Chapter 7.3. Transport of animals by land 330 Chapter 7.5. Slaughter of animals by iar 334 Chapter 7.5. Slaughter of animals by iar 334 Chapter 7.6. Killing of animals for disease control purposes 374		arrival in the importing country	
Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live animals, batching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance surveillance and monitoring programmes Chapter 6.8. Monitoring of the quantities of antimicrobial sused in animal husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 7.2. Transport of animals by sea 303 Chapter 7.3. Transport of animals by air 336 Chapter 7.5. Slaughter of animals by air 337 Chapter 7.5. Slaughter of animals for disease control purposes	Chapter 5.6.	Border posts and quarantine stations in the importing country	195
Chapter 5.8. International transfer and laboratory containment of animal pathogens Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live animals, batching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance surveillance and monitoring programmes Chapter 6.8. Monitoring of the quantities of antimicrobial sused in animal husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 7.2. Transport of animals by sea 303 Chapter 7.3. Transport of animals by air 336 Chapter 7.5. Slaughter of animals by air 337 Chapter 7.5. Slaughter of animals for disease control purposes	Chapter 5.7.	Animal health measures applicable on arrival	197
Chapter 5.9. Quarantine measures applicable to non-human primates 204 Chapter 5.10. Model veterinary certificates for international trade in live animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance 267 Surveillance and monitoring programmes Chapter 6.8. Monitoring of the quantities of antimicrobials used in animal 274 husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates 293 SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 301 Chapter 7.2. Transport of animals by sea 303 Chapter 7.3. Transport of animals by land 320 Chapter 7.5. Slaughter of animals by air 334 Chapter 7.6. Killing of animals for disease control purposes 374		International transfer and laboratory containment of animal	201
Chapter 5.10. Model veterinary certificates for international trade in live animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Harmonisation of national antimicrobial resistance antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance 267 Surveillance and monitoring programmes Chapter 6.9. Responsible and prudent use of antimicrobial agents in 274 Locapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates 293 SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 301 Chapter 7.2. Transport of animals by sea 303 Chapter 7.3. Transport of animals by land 320 Chapter 7.4. Transport of animals by air 347 Chapter 7.5. Slaughter of animals for disease control purposes 374	ī	·	
Chapter 5.10. Model veterinary certificates for international trade in live animals, hatching eggs and products of animal origin Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Harmonisation of national antimicrobial resistance antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance 267 Surveillance and monitoring programmes Chapter 6.9. Responsible and prudent use of antimicrobial agents in 274 Locapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates 293 SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 301 Chapter 7.2. Transport of animals by sea 303 Chapter 7.3. Transport of animals by land 320 Chapter 7.4. Transport of animals by air 347 Chapter 7.5. Slaughter of animals for disease control purposes 374	Chapter 5.9.	Quarantine measures applicable to non-human primates	204
Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. WETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance 267 surveillance and monitoring programmes Chapter 6.8. Monitoring of the quantities of antimicrobials used in animal 274 husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in 277 veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates 293 SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 301 Chapter 7.2. Transport of animals by land 320 Chapter 7.3. Transport of animals by air Chapter 7.5. Slaughter of animals for disease control purposes 374	•	7	208
Chapter 5.11. Model international veterinary certificate for dogs and cats originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety 239 Chapter 6.2. Control of biological hazards of animal health and public health importance through anter and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry 259 Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance 267 surveillance and monitoring programmes Chapter 6.8. Monitoring of the quantities of antimicrobials used in animal husbandry Chapter 6.9. Responsible and prudent use of antimicrobial agents in 277 veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates 293 SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare 301 Chapter 7.2. Transport of animals by sea 303 Chapter 7.3. Transport of animals by land 320 Chapter 7.4. Transport of animals by air 338 Chapter 7.5. Slaughter of animals for disease control purposes 374	1		
Originating from rabies infected countries Chapter 5.12. Model passport for international movement of competition horses SECTION 6. VETERINARY PUBLIC HEALTH Chapter 6.1. The role of the Veterinary Services in food safety Control of biological hazards of animal health and public health importance through ante- and post-mortem meat inspection Chapter 6.3. The control of hazards of animal health and public health importance in animal feed Chapter 6.4. Hygiene and disease security procedures in poultry breeding flocks and hatcheries Chapter 6.5. Prevention, detection and control of Salmonella in poultry Chapter 6.6. Introduction to the recommendations for controlling antimicrobial resistance Chapter 6.7. Harmonisation of national antimicrobial resistance surveillance and monitoring programmes Chapter 6.8. Monitoring of the quantities of antimicrobial agents in veterinary medicine Chapter 6.9. Responsible and prudent use of antimicrobial agents in veterinary medicine Chapter 6.10. Risk assessment for antimicrobial resistance arising from the use of antimicrobials in animals Chapter 6.11. Zoonoses transmissible from non-human primates SECTION 7. ANIMAL WELFARE Chapter 7.1. Introduction to the recommendations for animal welfare Ohapter 7.2. Transport of animals by sea Chapter 7.3.
