Main address: [Home - WOAH - World Organisation for Animal Health](#)

Procurement address: [Procurement - WOAH - World Organisation for Animal Health](#)

Main activity

International Organisation

Section II: Object

Scope of the procurement

Title: PROVISION OF E-LEARNING MODULES ON WILDLIFE SURVEILLANCE AND TRADE AND OTHER SERVICES

Type of contract: Services

Short description of the procurement: WOAH has reformed its training system and has created for this purpose its Global Platform for the Training of Veterinary Services. This Platform, including the Training Portal, has been implemented to manage WOAH training activities from learning needs' assessment to evaluation, whether they are face-to-face or at a distance. Indeed, a crucial point of the reform is to significantly increase the distance learning offer at WOAH. Thanks to this initiative, WOAH is committed to provide its Members with diversified and 'à la carte' training to improve the implementation of WOAH standards and thereby contribute to the sustainable improvement of global veterinary governance. WOAH training - face-to-face, virtual and eLearning - is developed around a Competency-based Training Framework (CBTF) currently structured around 16 Competency Packages which together cover extensively WOAH Codes, Manuals (Manual of Diagnostic Tests and Vaccines for Terrestrial Animals and Manual of Diagnostic Tests for Aquatic Animals) and additional guidelines (<https://training.oie.int>). WOAH CBTF is a founding document that defines education areas, key competencies and learning objectives tailored to WOAH values and goals; it serves as a basis to develop high quality and fit-for-purpose training programmes aimed specifically at developing and strengthening Veterinary Services capacity to implement WOAH standards. The compilation of the Terms of Reference of the 16 Competency Packages constitutes the body of WOAH CBTF.

Information about lots : Single lot

Total value of the procurement (excluding VAT) EUR250 000

Place of performance: international place (several countries)

Award criteria

1. Ratio for the technical offer: 80%
