**REPORT OF THE AUDITORS
ON THE
96TH FINANCIAL YEAR OF THE WOAH
(1 JANUARY – 31 DECEMBER 2022)**

**REPORT OF THE AUDITORS ON THE
96TH FINANCIAL YEAR OF THE WOA
1 JANUARY – 31 DECEMBER 2022**

CONSIDERING the functions assigned to the WOA by the International Agreement of 1924, and by the Organic Statutes;

CONSIDERING the Resolutions passed by the Assembly concerning the adoption of the Budget and Working Programmes for 2022;

CONSIDERING the Rules and Regulations governing the financial management of the WOA;

HAVING REVIEWED the implementation of various programmes scheduled for 2022 and the financial implications thereof in terms of income and expenditure;

ACKNOWLEDGING the report of the External Auditor;

HAVING EXAMINED the Accounts and Financial Report of the WOA for the period 1 January to 31 December 2022 in accordance with the provisions of the WOA *Basic Texts*;

THE AUDITORS of the WOA have the honour to hereby submit their Report to the 90th General Session of the World Assembly of Delegates.

1. The annual accounts, financial and accounting records and supporting documents were made available to us. No irregularities were observed.

The General Ledger and supporting ledgers for the Regular Budget, WOA/Japan Trust Fund Project, Accounts of the WOA Regional Representations for Africa, the Americas, the Middle East, Asia and the Pacific, in Moscow, Accounts of the WOA Sub-Regional Representations from Gaborone, Tunis, Nairobi, Bangkok, Panama, Astana, Brussels, and Abu Dhabi, the World Animal Health and Welfare Fund, the Pension Fund and the Joint Old Age Allowance Fund for the staff of WOA Regional and Sub-Regional Representations and Offices, have been countersigned by the Director General, the Director of Administration, and the Head of the Accounts Unit.

2. The financial resources of the WOA, derived from statutory and voluntary contributions as well as from investments, etc., have been used exclusively to finance the expenses provided for in the Programme, Budget and Resolutions adopted by the Assembly. The Auditors ensured that these requirements had been met.

3. A surplus of EUR 105 353 was recorded for the 2022 Regular Budget Financial Year. Income totalled EUR 17 941 8611, EUR 533 339 less than the budgeted income. Expenses amounted to EUR 17 836 508 and were EUR 638 692 less than the budgeted amount.

2022 statutory contributions recovery rate remains stable compared to previous years, and slightly lower compared to 2021.

Despite the Directorate-General's efforts and even though several Members have paid their arrears in part or in full, 36 Members have 1 to 4 years in arrears and 27 Members have 5 to 11 years in arrears. The total outstanding contributions relating to the Financial Years 2013–2020 amounted to EUR 3 700 553.

The Director General will pursue contacts with Member to obtain the payment of arrears in accordance with the appropriate procedures. The Assembly should offer full support to the Director General in this respect, and Delegates of the countries concerned should make every effort to obtain a satisfactory solution.

4. The Special Accounts, the World Animal Health and Welfare Fund, the Pension Fund and the Joint Old Age Allowance Fund for the staff of WOAHA Regional and Sub-Regional Representations and Offices were satisfactorily managed and do not necessitate any particular comment. The Reserve Fund represents about 2.41 months of operating expenses of the Regular Budget.
5. Budget management and the accounting system of the WOAHA were conducted properly. The Financial Report of the Director General gives a true and fair view of the situation. The financial affairs of the WOAHA are handled prudently by the Headquarters. It should also be noted that the WOAHA Regional and Sub-Regional Representations have made significant efforts to have a balanced annual budget.

The Auditors encourage the Members to consider the use of higher categories of statutory contributions or extraordinary contributions that would allow the WOAHA in particular to reinforce funding for the regional offices in Africa having a fragile financial situation.

In view of the above, the Auditors recommend that the Assembly adopt Draft Resolution No. 3 "Approval of the Financial Report for the 96th Financial Year of the WOAHA".
