Ensuring global rabies control through affordable vaccines

1. Global impact, competitive pricing:

WOAH vaccine bank offers rabies vaccines at **exceptionally competitive rates**, supporting developing countries engagement in rabies control.

Accessing the WOAH vaccine bank is the initial step in engaging relevant national authorities in the fight against rabies. **It enables countries to advance their national strategies for rabies control.**

2. Cutting-edge science, impeccable quality, timely supply:

WOAH rabies vaccine bank **facilitates the procurement of high-quality dog vaccines** that comply with WOAH standards while effectively managing their shelf life.

It also allows delivery of vaccines with a limited red tape, **supporting timely supply in case of emergency** as well as flexible quantities delivered over time.

3. Supporting global rabies elimination:

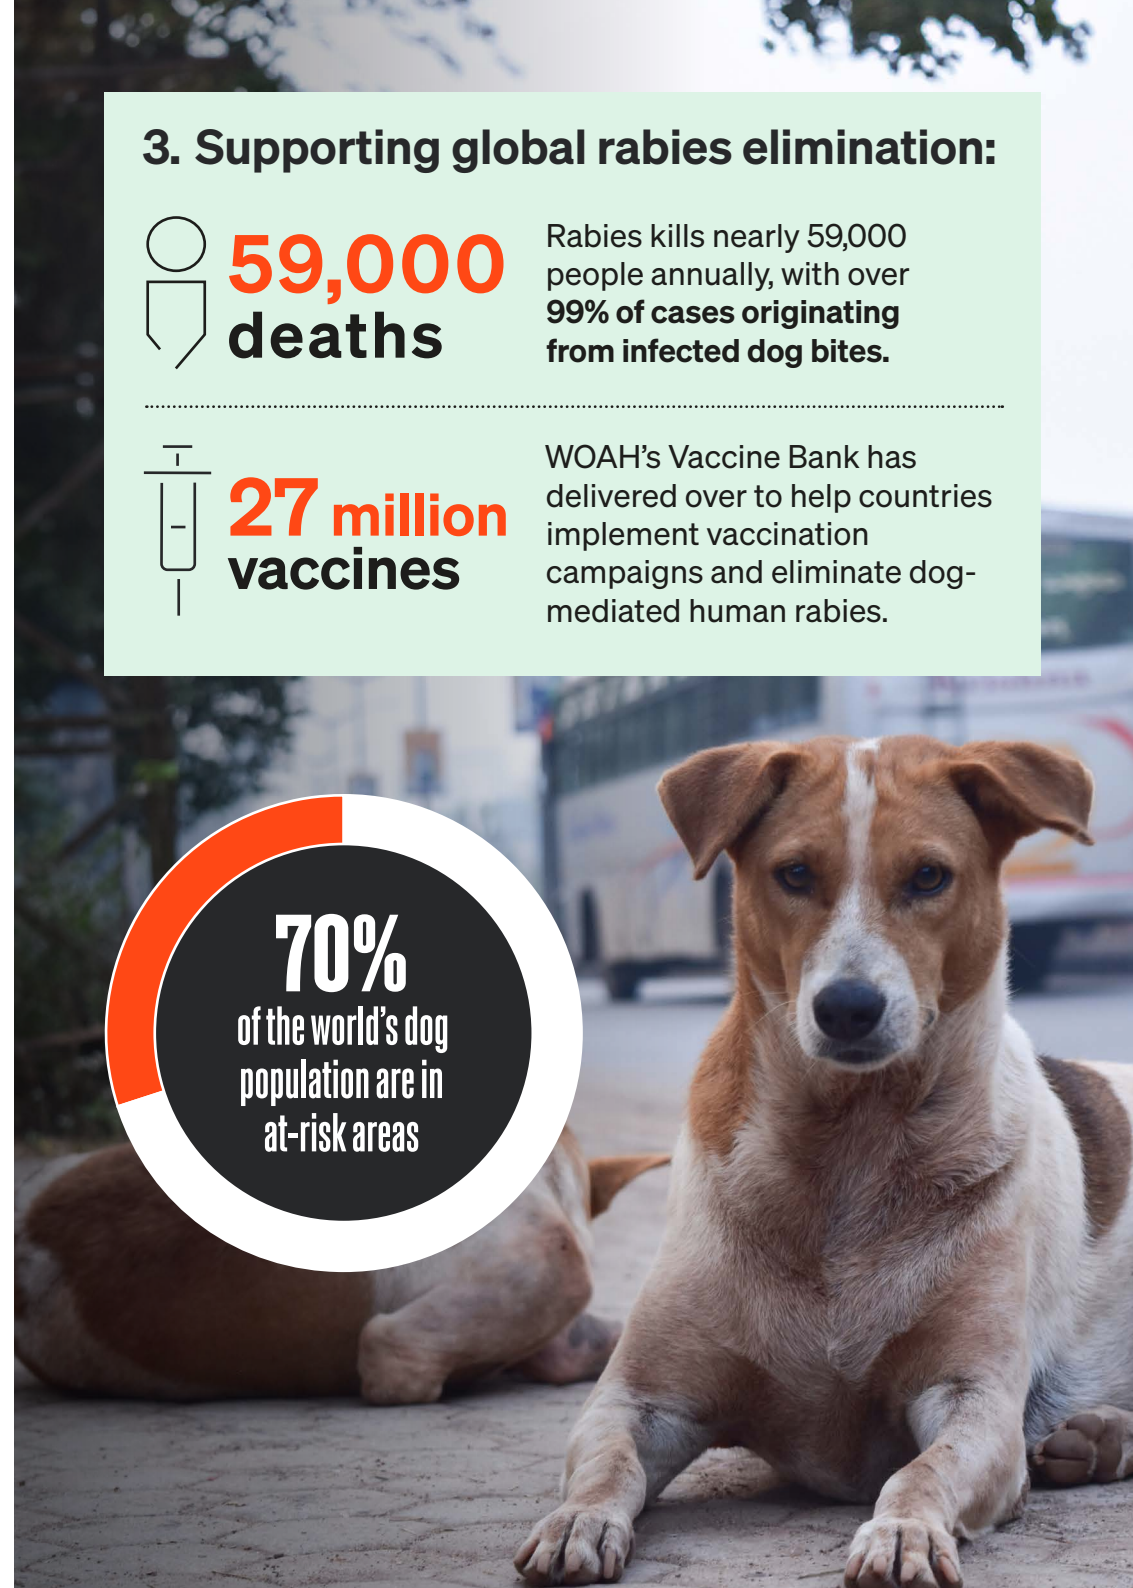

59,000
deaths

Rabies kills nearly 59,000 people annually, with over **99% of cases originating from infected dog bites.**

27 million
vaccines

WOAH's Vaccine Bank has delivered over to help countries implement vaccination campaigns and eliminate dog-mediated human rabies.
