Scope of the procurement

Title: WOAH INCIDENT MANAGEMENT SYSTEM (IMS)

Type of contract: Services agreement

Short description of the procurement:

The purpose of this negotiated procedure is to select the Service Provider for the provision of the WOAH Incident Management System (IMS).

The WOAH IMS will ensure the organisation's future responses to international animal health emergencies (and those occurring at the human-animal-environment interface) are coordinated in a manner that is scalable, interoperable, inclusive, role-centred and people-focused, sustainable, demonstrating adaptive resilience, fulfilling partnership obligations, and aligned and embedded into WOAH's administrative and information technology toolset. This role and these principles reflect commitments in the WOAH 7th Strategic Plan.

Information about lots

This contract is divided into lots: No breakdown into lots is foreseen.
A single contract will therefore be awarded.

Additional information

Section III: Procedure

Description: Negotiated Procedure

Type of procedure

A negotiated procedure has been followed, as the value of the procurement is likely to exceed EUR 100 000.

WOAH's need cannot be met without adjusting available solutions and the contract cannot be awarded without prior negotiation because of the particular circumstances deriving from its nature, complexity or legal and financial arrangements or because of associated risks. Due to the specificity of the WOAHA Incident Management System needed and the importance of this project for the organisation, WOAHA cannot award the contract without prior negotiation
